

Palmerworks' Newest Client Makes Amazing Subs

Vinny Gonella and his family have been serving food to the community for years. In fact, four generations of Gonellas have entered the family business. They wanted a website that would reflect their long family tradition and Italian ancestry.

They also wanted to distinguish their restaurant from any competitors. This is reflected in their website address: www.vgonellasoriginaldeli.com.

We built a five-page website for them with an Italian-themed header and a page devoted to their long time family ownership. We put the menu on the front page with plenty of food photos, and a link to a takeout menu that could be printed out. The site also includes a photo gallery, contact page, and a collection of testimonials from customers.

Apart from all of the website stuff, they make amazing Italian subs. Served on a hard or soft roll, you can order them by how many layers of meat and cheese you would like. In fact if you are so inclined, you can order 15 layers of meat and 3 layers of cheese. Subs are served with lettuce, tomato, onion, and home made sauce.

V. Gonellas Original Deli is located at 22069 Outer Drive in Dearborn. They are open Monday through Friday from 9:00 am until 5:00 pm, and Saturday from 10:00 am until 4:00 pm. Call them at 313-563-8500.

Like all of the websites we create, the Gonella's site is responsive, which means that it scales to fit perfectly on a smart phone, tablet, laptop or desktop. We can create a professional-looking website for your small business or organization at a very reasonable price. Call us at **734-252-**
