

A fresh look for our latest client – Guardian Martial Arts

The folks at Guardian Martial Arts in Garden City, MI, had a fine website, but they wanted a fresh look that featured lots of photos of students involved in their classes. Rick performed a total redesign that features plenty of action, newsbriefs, and a photo gallery.

The site is mobile-friendly, an important aspect in today's fast-paced world, where everyone is looking for information on the go. Graphics resize and the menu turns into a functional dropdown format easily navigated on a touchscreen. We also updated their logo.

Check out the result [here](#).

If you need a website redesign, call us for a free consultation. We can discuss our ideas for how we can provide your site with a fresh new look. 734-252-WEB1.
